ST. BERNARD MAKES CHANGES

Geo. C. Atkinson, Vice Pres. and Treas. Dan M. Evans Secretary at Wednesday Meeting.

JAS. R. RASH RESIGNS AS MERCHANT TO BE SUCCEEDED BY W. R. COIL

The regular October meeting of directors of the St. Bernard Mining Co. was held in the offices of that company Wednesday. Mr. John B. Atkinson, president of the company, has not yet returned from his New Jersey home and was not present, but sent written reports and recommendations and greetings to the meeting. Directors present at the meeting were: Messrs. Julien F. Gracery, Clarksville; J. Harry Howe, Nashville; Geo. C. Atkinson, Jas. R. Rash, Paul M. Moore and Dan M. Evans, Earlinton. Aside from the routine business of the company some changes are announced in the officials of the company. Mr. Geo. C. Atkinson, who has been secretary and treasurer of the present company since its organization and who was for many years secretary of the St. Bernard Coal Co., the former organization, was elected vice-president and treasurer. Dan M. Evans, who has been connected with the concern since his boyhood and began as a trapper, fired a furnace and did other work, later becoming a practical pick miner, was elected secretary. Mr. Evans entered the offices of the company twenty-seven years ago, on October 4th, 1883 and has since that time acted as bookkeeper, accountant, cashier and assistant to the secretary.

Mr. Jas. R. Rash tendered his resignation as merchant for the company, to take effect November 1st, after the expiration on Oct. 24 of forty years of continuous service to the company, in various capacities, dating from his boyhood, when he began work for the company as coal weigher for one dollar a day, walking to his work from Madisonville. A few months later he took position in the company store at Earlinton. Afterward he became the merchant at St. Charles; represented the company at Louisville when the Louisville agency was established; returning to St. Charles and Earlinton and succeeding Mr. T. J. McEuen as merchant here upon the latter's death in June, 1883.

Mr. Rash's resignation had been tendered to the president of the company prior to the meeting, but announcement was not made until Wednesday's meeting. Mr. Rash will continue actively his connection with the company as chairman of the committee on real estate, which branch of the business he has familiarized himself for years past.

Mr. Rash is to be succeeded as merchant for the company by Mr. W. R. Coil, a successful and popular Earlinton merchant, who has been lately closing out his stock of goods and is now on a vacation trip in the far west. News received is that Mr. Coil will return to Earlinton about October 30th; and will assume the duties of his new position on November 1st.

Mr. John B. Atkinson is expected home some time in November, probably early in the month. He is reported as much improved in health.

COL. ALBERT TOOMS Makes Some of the Madisonvillians see Sights and Dream of Wonders.

Col. Albert Tooms, of Earlinton, spent Monday night with J. E. Fawcett, of Madisonville, and gave a crowd of our young people an interesting treat looking at the moon through his fine telescope. The instrument magnifies 188 times and was constructed by Col. Tooms. Just at this time the moon is in the best condition to be seen as it is not too full and looks better. Some of the party thought it looked like a mass of melted iron that had been allowed to run out to a thin edge and cool, others claimed they could see dark caverns in it and one young lady found the mau in the moon.

The Colonel had quite a number of curious and interesting tricks and kept the crowd busy with strings, matches, paper and pencils until a late hour. In the party were Messrs. Margaret and Louise McPherson, Metabeth Sory, Aznes Bailey, Inez Elgin, Hazel and Lucy Fawcett and Messrs. Lyle Robinson, Herschel Logan and Chas. Lyon.

THERE IS A REASON

Why it pays to advertise in the SEMI-WEEKLY BEE:
It reaches a large number of wage earners who take no other paper.

It has an almost exclusive circulation in a community where \$50,000.00 in money is paid out each month.

It is read by hundreds of people who buy what they want and who have money to pay for what they buy.

The only way to get your advertisement before the people of Earlington, Morgantown, Gap, St. Charles and immediate vicinity is through the medium of the Earlington Bee. A hint to the wise is sufficient.

The Louisville Bar Association favors an amendment to the State constitution providing that appellate and circuit judges shall hold office during good behavior until they are 72 years old and then be retired on three-quarters pay. Something of that kind we need very much in these United States. The judiciary should be relieved of the menace and the temptation that may come from a four of a constituency.

It makes them feel like new persons, relieves their pain and regulates womanly troubles. 'Both my daughter and I received great benefit.'"

GOOD NEWS

Many Earlington Readers Have Heard It and Profited Thereby.

"Good news travels fast," and the thousands of bad back sufferers in Earlington are glad to learn that prompt relief is within their reach. Many a lame, weak and aching back is bad no more, thanks to Doan's Kidney Pills. Our doctors are telling the good news of their experience with the Old Quaker Remedy. Here is an example worth reading:

John Franklin, Earlington, Ky., says: "For three years my kidneys were disordered. When I stopped or lifted, sharp twinges darted through my loins and there was an almost constant pain in the small of my back. I tired easily, frequently suffered from headaches and was also bothered by dizzy spells. It was caused accidentally by too frequent passages of the kidney secretions. It being necessary for me to arise several times during the night. I finally procured Doan's Kidney Pills and received such prompt relief that I continued taking them until I was completely cured. I cannot recommend Doan's Kidney Pills too highly."

Temporary Heat Quickly

Did you ever stop to think of the many ways in which a perfect oil heater is of value? If you want to sleep with your window open in winter, you can get sufficient heat from an oil heater while you undress at night, and then turn it off. Apply a match in the morning, when you get out of bed, and you have heat while you dress. Those who have to eat an early breakfast before the stove is radiating heat can get immediate warmth from an oil heater, and then turn it off. The girl who practices on the piano in a cold room in the morning can have warmth from an oil heater while she plays, and then turn it off. The member of the family who has to walk the floor on a cold winter's night with a restless baby can get temporary heat with an oil heater, and then turn it off. The

SMOKELESS
OIL HEATER

is invaluable in its capacity of quickly giving heat. Apply a match and it is immediately at work. It will burn for nine hours without refilling. It is safe, smokeless and odorless. It has a damper top and a cool handle. An indicator always shows the amount of oil in the tank. It has an automatic-looking flame spreader which prevents the wick from being turned high enough to smother, and is easy to remove and drop back so that the wick can be cleaned in an instant. The burner body or gallery cannot become wedged, and can be quickly unscrewed for reworking. Finished in Japan or nickel, strong, durable, well-made, built for service, and yet light and ornamental.

AD-TALK

What would you think of a salesman who reported for duty one day, lay off for two, worked a half day, went off for a week and so on without any regularity? Surely you would not expect good service from such a man. And yet some merchants load advertising, which is simply a "salesman," up to great results when it is allowed to "work" very irregularly. The fact that advertising costs money is proof of its value. Things without cost are usually worth only their price.

Look at Your Feet. And see what kind of shape your shoes are in. Perhaps they are worn a little, if so do not throw them away and go to the expense of buying a new pair, bring them to us and let us prove to you that we can make old shoes as good as new. Our work is guaranteed to give satisfaction and our prices are reasonable. All we ask of you is to give us a trial and we will do the rest.

Good News Coming. If press-notice and large box office receipts have everything to do with the success of an attraction, "The Fighting Parson" surely will get the prize. Ever since its first performance, press-notices have been showered upon it and the box office receipts have never been reached by another attraction playing in the popular priced house.

W. F. Mann, producer of "The Fighting Parson" has arranged for his newest success to appear at Temple Theatre next Thursday Oct. 20th.

HOW IS THIS FOR OLD HOPKINS COUNTY?

A prominent Kentucky citizen, who has spent a long life in the South, and who has been a resident of Hopkinsville for many years, has written the following directions he was drinking its famous waters, that "he had read the analysis of the water of the United States and Canada, and that in his opinion Hamby's genuine Dawson Springs Water at Dawson Springs, Hopkins County, Ky., was the best, and he thought he would make it known to much to make the assertion that it was superior to any in Europe for Liver, Kidney, Bladder and Stomach troubles."

He, like hundreds of others, has used HAMBY'S WATER as a last resort and has been cured.
